The Ready2Go Spreader™ with GreenView Lawn Food offers maximum versatility when applying your fertilizer product. It's easy to use and pre-calibrated so you can get the application right, every time! It's ideal for smaller lawns, more difficult terrain on any size lawn and where you desire increased maneuverability when applying around trees, walkways and other yard elements. When you're done applying, save the container – it's REFILLABLE! So, you can use it again and again. The compact size, makes storing the container a breeze.

### HOW TO APPLY

- Use this product only when the grass is actively growing
- DO NOT APPLY BY HAND
- DO NOT apply this product to wet grass
- DO NOT apply during periods of drought
- Water your lawn thoroughly AFTER applying
- DO NOT apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn and sweep any product that lands on the driveway, sidewalk or street, back onto your lawn.
- Keep out of reach of children.
- Use protective eyewear when using battery powered spreader.

### TO REPLACE BATTERIES:

- Access the battery compartment on the inside of the spreader base.
- Battery compartment door opens by pinching tab and lifting to open.

Requires 4 AA batteries (included).

Batteries included, but disabled for shipment. Pull tab from battery compartment to activate.

### WHEN TO APPLY

**For Established Lawns:** For best results, apply GreenView Lawn Food at the rate of 3.2 lbs. per 1,000 sq.ft. in early spring or early fall. If desired, application may be repeated every 60 days throughout the growing season. Water well after each application to make nutrients readily available to your lawn.

**Florida Applications:** 4 annual feedings with the exception of centipede grass (2 feedings in the north and 4 feedings in the central and south). This package applies 3.2 lbs. of product per 1,000 sq. ft.

**For New Lawns:** Use a starter fertilizer such as GreenView Starter Fertilizer according to application instructions.

### WARRANTY

**NOTE** To the extent consistent with applicable law, Buyer assumes all responsibility for safety and performance if this product is not used according to the directions.

### GUARANTEE

Lebanon Seaboard guarantees you will be satisfied with the performance of this product when used as directed, or your money back. If not satisfied, describe the nature of your problem and simply send proof of purchase to Lebanon Seaboard Corporation, 1600 East Cumberland Street, Lebanon, PA 17042.

## READY2GO SPREADER™ DIRECTIONS: FIRST TIME USE

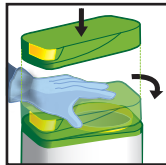

PLACE the Ready2Go Spreader™ UPSIDE DOWN on a flat surface (the GREEN BASE facing up).

HOLD the container steady and TURN the base COUNTER-CLOCKWISE to left, approximately quarter turn, until it STOPS and LIFT to remove.

REMOVE the protective seal from the round opening, and PULL the tab from the battery compartment.

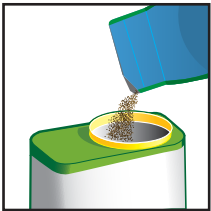

REALIGN the protruding tabs on the base with the slots on the container and TURN CLOCKWISE to right until the base LOCKS back in its original position.

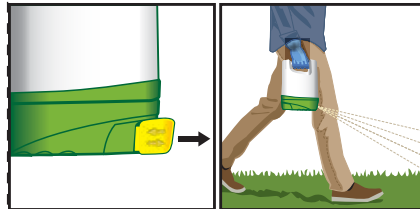

FLIP the Ready2Go Spreader™ back to the UPRIGHT position. The Ready2Go Spreader™ is now ready to use.

## TO REFILL YOUR READY2GO SPREADER™ CONTAINER

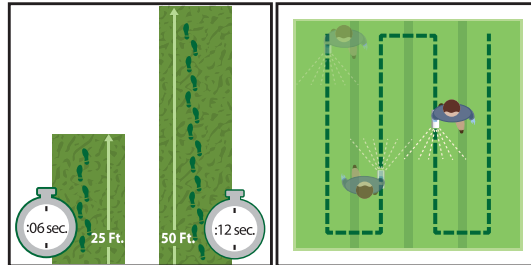

- PLACE the Ready2Go Spreader™ UPSIDE DOWN on a flat surface the GREEN BASE facing up.
- HOLD the container steady while TURNING the base COUNTER-CLOCKWISE until it STOPS and LIFT to remove.
- CUT a corner opening on the GreenView Lawn Food refill bag, and pour into the Ready2Go Spreader™ until the container is FULL.
- Replace the spreader unit base. Align tabs and slots and twist clockwise into place.
- FLIP the Ready2Go Spreader™ to the UPRIGHT position. The Ready2Go Spreader™ is now ready to operate. Follow application instructions.

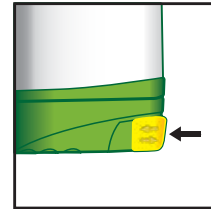

## DIRECTIONS FOR APPLYING THE PRODUCT TO YOUR LAWN

Move to the lawn area to be treated. POSITION the Ready2Go Spreader™ comfortably at your side (arm fully extended), over the target area, and TURN ON by pulling back the on/off slide switch.

When product begins spreading, WALK over the application area at a NORMAL WALKING PACE. (6 seconds for a 25' strip, or 12 seconds for a 50' strip). CONTINUE to within 2' of the end of the application area, and begin a new row by taking 2 STEPS TO THE RIGHT OR LEFT, and walk back parallel to your first row. There should be a SLIGHT OVERLAP to the spread radius. CONTINUE in this manner until you have finished applying the product.

TURN OFF the Ready2Go Spreader™ by PUSHING IN the slide switch. If product remains, store in a cool, dry place. If empty and lawn application is finished, simply refill the container.
