SPREADER SETTINGS

BROADCAST SPREADERS:	
Scotts Turf Builder EdgeGuard	4.75
Scotts Whirl Hand-Powered	5
Scotts Elite	5
Sta-Green 32lb Precision	5
Agri-Fab 45-0463 130 lb. Tow-Behind	3.5
DROP SPREADERS:	
Scotts Turf Builder Classic Drop	6
Yardworks 75lb	4
Agri-Fab 175 lb Tow Behind 45-0288	3.5

The above spreader settings are approximate. Suggested settings were calibrated and field tested. However, age and condition of spreader, speed of operation and evenness of terrain may require slightly different settings for desired coverage. Check your spreader on 312 sq. ft. and adjust to apply at a rate of 1 lb. of material per 312 sq. ft. (3.2 lbs. of material per 1,000 sq. ft.)

Note: If spreader model does not appear above:

DIRECTIONS FOR USE

GreenView® Fall Lawn Fertilizer with GreenSmart® Enhanced Efficiency Fertilizer is designed for use in the fall - the most important time of the year for feeding your lawn. It helps established grass continue to grow strong, vigorous roots and prepares grass for surviving winter stress. This special formulation helps maintain a thick, green lawn through the fall months and provides for an early spring greening. For best results, apply GreenView® Fall Lawn Fertilizer with GreenSmart during the fall months of September through December. For Established Lawns: For best results, apply GreenView® Fall Lawn Fertilizer at the rate of 3.2 lbs. per 1,000 sq. ft. in early fall. DO NOT apply to frozen turf.

Florida Applications: 4 annual feedings with the exception of centipede grass (2 feedings in the north and 4 feedings in the central and south). This package applies 3.2 lbs. of product per 1,000 sq. ft.

For New Lawns: Fall is the best time to seed new lawns. Upon initial seeding use a starter fertilizer such as GreenView® Starter Fertilizer. Follow starter fertilizer application instructions. After lawn has been established and mowed about 2 to 3 times (4 to 6 weeks after seeding or sodding) apply GreenView® Fall Lawn Fertilizer with GreenSmart at 3.2 lbs. per 1,000 sq. ft.

Apply only to actively growing turf. DO NOT exceed 3.2 lbs. of total nitrogen per 1,000 sq. ft. annually.

Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices.

Check with your county or city government to see if there are local regulations for fertilizer use.

DO NOT apply near water, storm drains or drainage ditches. DO NOT apply if heavy rain is expected. Apply this product only to your lawn and sweep any products that land on the driveway, sidewalk or street, back onto your lawn.

In Pennsylvania, Maryland, and New Hampshire: DO NOT exceed 0.9 lbs of total nitrogen per 1,000 sq. ft. per application.

DO NOT HAND SPREAD.

KEEP OUT OF REACH OF CHILDREN.

WARNING: To avoid danger of suffocation, keep this bag away from babies and children. DO NOT use this bag in cribs, beds, carriages, or playpens. This bag is not a toy.

WARRANTY

NOTE: To the extent consistent with applicable law, Buyer assumes all responsibility for safety and performance if this product is not used according to the directions.
